1. Invitation to ESB 2022

Dear Sponsors,

It is our pleasure to invite you to the 32nd Annual Conference of the European Society of Biomaterials which will take place from September 4 to 8, 2022 in Bordeaux, France, **as a face-to-face event**. After these difficult years, with restricted travels, we are excited to host this meeting **by re-engaging in rich scientific and informal exchanges** between attendees.

All ESB meetings attracted a **remarkably multidisciplinary group of participants as they bring together at a same and unique place**, researchers from various fields including chemistry, physics, biology, biomaterial science, tissue engineering and medicine. As a sponsor of the meeting, you can **address various markets as well as understand the current needs and trends in these fields**. It is also a unique opportunity to **share your most recent technological developments in terms of tools and services**. This meeting also provides an environment that is designed to foster innovative and collaborative thinking.

As a result, this meeting is an **ideal platform to find new collaborators to develop the technological advances of tomorrow**. With over 1000 participants expected from all European countries, but also many distinguished guests from around the world, the ESB meeting is the first scientific event to reach the European Biomaterials and Regenerative Medicine scientific community.

One of the key missions of ESB meetings is to promote interactions between basic researchers, applied scientists, clinicians, and industry to drive the development of innovative solutions for clinical applications. We keenly understand that these new solutions to repair or produce tissues or organs will come from the combination of fundamental knowledge, multidisciplinary development efforts, as well as advances in production/analytic/imaging/communication tools. Accordingly, **your participation to this meeting is crucial to promote the translation of our scientific activity into clinical reality with added value for all stakeholders**.

We offer attractive sponsoring packages that combine various ways to be recognized a leader in your field (see pages 5-7). In addition, various sponsoring options are available to reach attendees (page 8), and **we remain open to specific sponsoring options to meet your needs**.

Bordeaux has its own international airport and is easily accessible from the biggest European hubs (Paris, Amsterdam, London, Madrid, Rome). It is connected to Paris by a TGV train (2 hours). The meeting venue is the *Palais des Congrès*. This spacious meeting space is located in northern Bordeaux and connected to the city center by a state-of-the-art tramway system. Booths of various sizes are available for rental. They will sit at the heart of the meeting where coffee, food and poster will be located. Boasting exceptional classical and modern architecture, and surrounded by the most famous vineyards in the world, Bordeaux is a perfect symbol of the French "Art of Living".

Please come and join us at the ESB 2022 meeting to share your ideas and discover our hospitality.

Kindest regards

Joëlle Amédée, Chair

Jean Christophe Fricain, Co-chair

Didier Letourneur, Co-chair

2. Topics

Main topics of the conference include but are not limited to:

- Biocompatibility of biomaterials
- Cell & tissue material interfaces
- Bioceramics and bioactive glasses
- Basic science in hydrogel
- Disruptive concept in biomaterials
- Inflammation and biomaterials
- Textiles and fibers
- Biomaterial bioimaging
- Biomimetic and bioinspired materials
- Immunocompetent biomaterials
- Biomaterials for drug delivery
- 3D bioinks and matrices
- Hydrogels
- Bioprinting
- Biomaterials and organ on chips
- Organoids
- Immunomodulatory biomaterials
- Clinical evaluation of medical devices
- Biosensors and bioelectronics
- Vascular tissue engineering
- Supramolecular biomaterials
- Surface functionalization
- Biomaterial microenvironment
- Nerve tissue engineering
- Osteoarticular tissue engineering
- Transfer and commercialization of biomaterials
- Legal and regulatory aspects

3. Sponsorship, Support and Advertisement

Financial supports of companies, industry, organizations, regional actors are one of the key elements in the success of ESB congresses. On the following pages, various exhibition and sponsorship options are listed so you may select a combination that will fit your company's budget and marketing needs. Please note that booking an exhibition space qualifies you automatically to be listed as a sponsor.

3.1 Industrial Exhibition

Companies and organizations are cordially invited to present their services and products at the ESB 2022 conference.

The exhibition will take place from Sunday 4, September till Thursday, 8 September at the Palais des Congrès de Bordeaux, close to the Plenary Session auditorium and connected to all Parallel sessions. We encourage you to register early to avoid disappointment.

Poster sessions, coffee breaks and lunches of the conference are located in the same area to encourage interactions between the industrial exhibition and the conference participants.

The purpose of the exhibition program is to present products and/or services relevant to the participant's professional interests. The exhibitors should emphasize instruments, products or services for use in teaching and research, books and other publications in scientific fields of relevance to the interests of the participants.

Four sessions dedicated to technological aspects (5th and 6th September) supported by companies will be organized during the ESB 2022 conference. If you plan to present in one of these sessions through flash presentations, your expertise, materials, instruments and their applications, please submit your proposal to the organizers (see the application form pages 14-15).

Bordeaux Events, chair and co-chairs reserve the right, at its sole discretion, to accept or deny applications for exhibition space and to allocate space among exhibitors.

For all questions please contact: contact@esbbordeaux2022.org

Exhibitor Technical Manual

A detailed manual including all relevant information for exhibitors such as technical aspects for exhibiting, final schedule and deadlines as well as additional order possibilities will be provided in the beginning of 2022.

Liabilities / Terms and conditions:

Space assignment will be made on a first come, first served basis. Wherever possible, space will be allotted according to the exhibitor's choice, but the final arrangement will be determined by Bordeaux Events in such a way as to produce the most advantageous grouping of the exhibition. There is no claim for a special exhibition space. There is no guarantee to any specific stand area within the exhibition area.

The exhibitor covers all other costs and risks in relation to the building and the construction and the support of the company's stand and has to provide an insurance policy against civil liability and damages. The total costs of the exhibition space must be paid before installation; otherwise, you are not allowed to install the booth.

Storage, Set up and dismantling:

Because of the limited storage space, we cannot guarantee to fulfill all requirements concerning the storage. Please take this into consideration for the delivery of your material. Bordeaux Events assumes no liability for damage and theft. Times for set up and dismantling as well as information on sending materials will be in the exhibition technical guide you will receive at the end of May 2022.

For all questions please contact: contact@esbbordeaux2022.org

4. Conference Venue

The Palais des Congrès, Bordeaux, is located in front of the Bordeaux Lake district, which offers an environment between nature and conviviality. This congress center is directly accessible by tramway from the St Jean Rail Station in 30 minutes and from the City Centre in 20 min. Accommodations, more than 1400 rooms, are within walking distance of Conference venue.

Palais des Congrès
Avenue Gabriel
Domergues
33300 BORDEAUX, France

The Palais des Congrès offers all facilities and technical requirements for hosting large international conferences and promoting interactive discussions in various auditorium and halls at the two levels.

Ground level

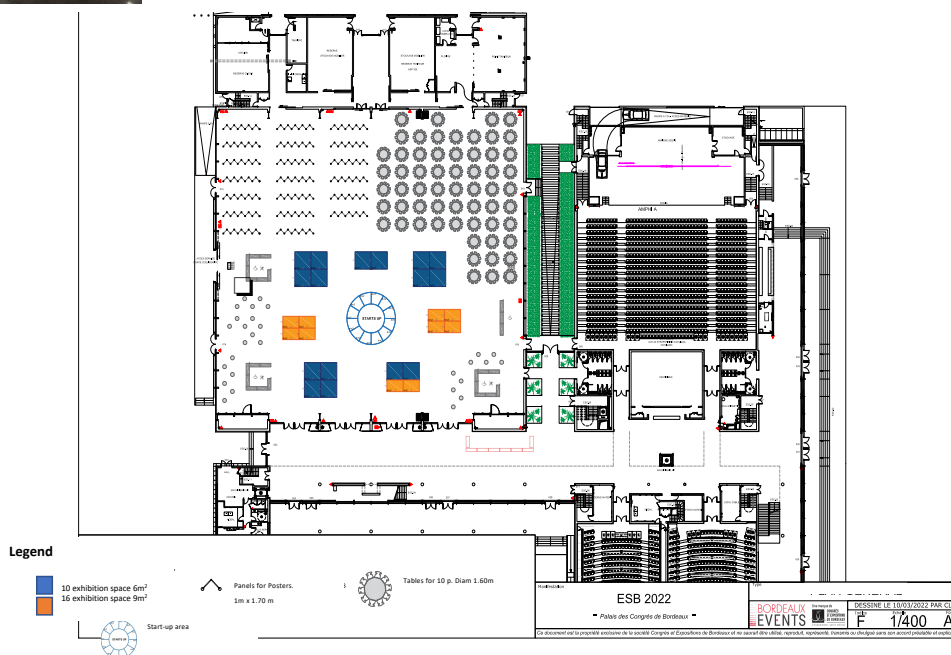

- 1080 sqm for the Lobby and access to the auditorium and the first level
- Auditorium A: Plenary session for up to 1290 participants
- Auditorium B: Plenary session for up to 350 participants
- Auditorium C: Plenary session for up to 190 participants

Exhibition area, Posters, catering and lunch in a 3 000 sqm area gross, directly located close to the auditorium A, B and C. This spacious Exhibition area will be located close to Plenary Session and Parallel sessions

It will host the exhibitor stands, the coffee and lunch break area as well as part of the poster presentations area. Thus, a constant frequentation at the booths will be guaranteed to maximize networking opportunities. In order to promote visits in the exhibition hall, we also plan to organize specific meetings and lunch meetings between company's representatives and young researchers during the lunch break.

First level

10 meeting rooms (80 to 180 seats) for the 3 other parallel sessions, symposia, and meetings (ESB Council Committee, European meeting programs, Post doc lunch symposia: Meet the Professors or the industrials...).

9. ESB 2022 – General Terms and Conditions

By submitting the exhibitor/sponsor application form, the industry partner accepts these General Terms and Conditions.

The contract is legally binding upon signature of both parties. The permission to exhibit at the mentioned congress is granted through this contract and the corresponding invoice. The industry partner has to pay the total amount due to the congress account within 14 days after having received the invoice, at the latest. If the payment has not been realized in due time, the organizer has the right to reverse the permission and to distribute the requested exhibition space to another industry partner. Only after having received the payment in full, the booking will be officially accepted and the exhibition area will be considered bindingly reserved. A cancellation of the permission can also be made if the exhibits of the industry partner are not in accordance with the congress.

In case of cancellation by the industry partner, NO REFUND will be given, neither for booked exhibition space nor for any other ordered furniture/exhibition items or for booked sponsoring items.

An own company stand may only be assembled after a full booth construction plan has been submitted in due time to the organizer and is confirmed by both the congress venue and the congress organization. The industry partner accepts the safety regulations from the local authorities (police), the fire brigade, the Technical Inspection Agency and similar organizations at the congress site. Aisles, emergency exits, emergency lighting and fire extinguishing equipment may not be blocked or screened in any way at any time.

It is prohibited to hang stand constructions from the roof of the exhibition area, to drive nails or other fastenings in the walls or in rented stand walls, to bore or to pass own cables. Any additional furniture has to be approved and confirmed in a written way from the organizer. Furthermore, the organizer has to be informed about additional requirements in sufficient time. The industry partner is requested to deal carefully with the rented booth and furniture, and to hand it back afterwards in due time in proper condition.

Concerning the distribution of product samples, refreshments, food or any other items given to delegates on-site, the industry partner has to ask for a written confirmation of the organizer and the congress venue.

The assembling and dismantling of the booth have to be realized during the determined dates and times. In case of non-compliance, the organizer reserves the right to charge possibly resulting extra costs to the industry partner's account. The booth has to be occupied at any time during the official exhibition opening hours.

The exhibition costs do not include insurances of any kind. The industry partner takes the full liability for all damages caused by him or the staff. The organizer does not take any responsibility or liability for damages or losses at the booths or of the exhibits. All industry partners are advised to arrange appropriate insurances on their own.

The General Terms and Conditions of the congress centre (congress venue) as well as of all service partners apply additionally.
